*LAW AND ECONOMICS (pdf 6th edition)*

*by Robert Cooter and Thomas Ulen*

This is a pdf version of the latest version (6th edition) of Law and Economics by Cooter and Ulen. The ownership of this book has reverted from the publisher to its authors, so we are posting it online for everyone freely to read or use as a textbook. After more than thirty years as the field's leading textbook, it continues to cover the latest developments in the economic analysis of property, torts, contracts, legal process, and crimes. Each new edition refines the analytical core, incorporates new applications, and expands previous discussions of empirical legal studies and behavioral law and economics. We hope that you enjoy reading this book as much as we enjoyed writing it.

Looking forward to next year, this duet will become an internet symphony that takes full advantage of the internet revolution in publishing. Improvements will be posted to the internet continuously in small amounts (7.1, 7.2, 7.3, etc.), until a new edition appears with large changes (8.0). Not just a textbook, the 7th edition will have supporting materials, including translations. For updates, join the email list found by googling "Cooter and Ulen Berkeley Law Repository". Perhaps you will have something to contribute to the website. For the best feast, the host supplies the main course each guest contributes a dish.
