It has been accepted for inclusion in Ecology Law Quarterly by an authorized administrator of Berkeley Law Scholarship Repository. For more information, please contact jcea@law.berkeley.edu.
# TABLE OF SUBJECTS

## A

### ADMINISTRATIVE AGENCIES

See also *Administrative Law, Energy Resources, Radiation, Water Pollution*

- Council on Environmental Quality . 37-41
- Department of Housing and Urban Development (HUD) .......... 57-58
- Department of State
  - Environment, health, and natural resources ........................ 171
- Environmental Protection Agency
  - CERCLA and ........................................ 182-96, 199-213, 231-32, 341-45
  - Toxic pollutant standards .................................. 643-59
- Federal Energy Regulatory Commission ............................ 39-49, 360-61
- National Oceanic and Atmospheric Administration .............. 696-700
- Nuclear Regulatory Commission
  - Authority, jurisdiction, and radiation regulations .......... 896-900
  - Cost-benefit based regulation .............................. 907-08, 925-26
  - Licensing processes ................................ 897-98
  - Program offices ................................ 897
- Political and Technical Development of Agencies ............... 737-47
- Public Participation in Decisionmaking .......................... 75-153
- Public Review of Agency Actions ................................. 65, 70-72
- United States Agency for International Development (USAID) . 174
- United States Army Corps of Engineers ......................... 61-62

### ADMINISTRATIVE LAW

See also *Administrative Agencies, Energy Resources, Hazardous Waste, Judicial Review, Pesticides, Radiation*

- Agency Discretion in Implementing Statutes .......................... 588-89
- Binding Effect of Council on Environmental Quality (CEQ) Advice .......................... 54
- Burden of Proof to Show Environmental Impact .................. 64
- Bureau of Reclamation
- Discretion of ........................................ 807-12
- State law and .................................. 818-20
- Council on Environmental Quality .......................... 52-55
  - “Fundamentally different factor” variances under the Clean Water Act . 646-49, 651-55, 657-59
- Federal Water Pollution Control Act .......................... 41-45
- “Hard Look” Doctrine .................................. 55, 58, 64
- Interpretation of Agency Regulations .......................... 586-87
- Interpretation of Statutory Authority for Agency Regulations . 587-89
- National Environmental Policy Act .................................. 36-41
- Role of Mitigation Measures in Environmental Impact Assessment .................................. 52-72
- Secretary of Interior’s Discretion
  - Regarding Water Distribution ......................... 802-20
- Threshold Requirements for Environmental Impact Statements .................................. 51-53

### ADMINISTRATIVE PROCEDURES

See also *Administrative Agencies*

- FERC’s Avoidance of Cumulative Impact Analysis of Rivers ........ 20-28
- Rulemaking and Water Rights ......................... 873-77
- Variances .................................. 632-36

### AGRICULTURE

See *Irrigation, Water Resources*

## B

### BANKRUPTCY LAW

- Abandonment of Toxic Waste Sites Under .................................. 555-77
- Conflicts with Environmental Goals .................................. 670-72
- Discharge of Liability for Hazardous Waste Cleanup .......... 661-66, 668-72
- Exceptions to Discharge of Debts ........ 669-71
- “Fresh Start” Policy .................................. 661, 672

### BUILDING LAWS

See *Landslides*
CITY PLANNING
See Landslides

CONSERVATION
See Energy Resources, Fish & Wildlife

CONSTITUTIONAL LAW
See also Due Process, Pesticides, State-Federal Regulations
Due Process Clause
Failure to exhaust available remedies ..................... 637-41
Failure to obtain a final decision ............................ 632-36
Takings Clause
Ripeness requirement and remedies under ............... 625-42

DUE PROCESS
See also Constitutional Law
Takings
By administrative delay ................................. 583-85
Effect of individual takings on regulatory program ........ 586
Just compensation ....................................... 632-36
Under the Clean Water Act .............................. 583-86

ECONOMICS
See also Taxation
Economic Growth ........................................ 254-55
Emergence of the Market Economy ......................... 246-48
Externalities
Agriculture ............................................. 266-73
Energy .................................................. 260-65, 269-73
Growth of United States Tuna
Market ...................................................... 500-03
Society and Nature as Commodities ....................... 245-46
Technocracy ............................................. 278-86
Theory
Centralization ........................................... 248-52
Critique of centralized economy .......................... 240-310
Decentralization ......................................... 302-09
Positivism .............................................. 234-310

EMINENT DOMAIN
See also Constitutional Law, Remedies
History ..................................................... 673-75
Remedies .................................................. 675-86

ENERGY RESOURCES
See also Economics, Fish & Wildlife, Resource Management, River Resources, Water Resources
Hydropower
Environmental considerations ......................... 15-16
FERC preference for development of .................... 16-20
FERC project licensing .................................. 12-15, 32-38
Hydroelectric dams' adverse effect on fish .......... 7-12, 19-20
Project approval ........................................ 16-20
Project licensing exemptions ........................... 14-15
Project preliminary permits ............................. 14
Small facilities .......................................... 45-48

ENVIRONMENTAL POLICY
Environmentalists
Analysis of political strategies .......................... 747-56
Basis of and changes in environmental values .......... 720-37
Interest groups ........................................... 81-84
Modern Approaches to Environmental Law ............. 715-58

FISH & WILDLIFE
See also Economics, Marine Resources, Resource Management, River Resources, Water Resources
Anadromous Fish Preservation .................................. 17-25, 28-32, 48-49
Conservation .............................................. 606-08
FERC's Compliance with NEPA,
Effect on Fisheries of ................................ 36-45, 48-49
Fishway Construction at Hydropower Projects .......... 28-32
Native American Hunting & Fishing Rights ............. 593-608
Waterway Development and ................................ 20-28

GAS & OIL
See also Judicial Review
Liquified Natural Gas Controversy ............................. 73-153

HAZARDOUS WASTE
CERCLA
Conditions for asserting private cause of action ........ 199-224
Constraints on private party cleanups ..................... 224-30
Designating “hazardous substances” ..................... 185-86
Development of a final cleanup plan ..................... 191-95
Development of cleanup plans .......................... 206-10
Generally ........................................ 182-231
Government cleanup options and regulations ............ 186-95
National Contingency Plan ........................... 189-215, 221-232
National Priorities List ................................ 191-93, 196, 200-01, 204-05
Potentially responsible parties ......................... 188-89, 205-06, 214, 216-19, 223-24, 228-30
Private cause of action under ......................... 183-84, 196-231
Research guide to issues under .......................... 671
State Cleanup Funds
    Generally ........................................ 547-53
    New Jersey ....................................... 535-46
INTERNATIONAL AGENCIES
Halibut Commission ........................................ 388, 392, 449-50, 462, 473-74
Inter-American Tropical Tuna Commission ............. 464-69
Pacific Salmon Commission ................................ 388, 392, 473-74
INTERNATIONAL AGREEMENTS
See also International Agencies
Marine Fisheries Management and ..................... 388, 392, 405, 449-50, 470-74
United Nations Convention on Living Resources of the Sea .. 521, 530
United States-Mexico Fisheries Treaty ................ 462, 464-65, 475-77
INTERNATIONAL LAW
See also International Agreements
Environmental Policy
    Environment and development .......................... 174-76
    Environmental problems and .......................... 173
    Generally ........................................ 171-79
Environmental Protection and Private Industry .......... 178
Ocean Law
    Abstention principle .................................. 470-72, 482-83, 512-13, 518
    Enclosure movement ................................... 383-84
    General principles .................................... 388-89, 437-45
    Territorial Waters .................................... 478-79
Internationalist view ................................. 447-56
Management by international agreement .................. 520-22
Realist view ........................................ 437-47, 451-53
                                  457-60, 463, 483
Three-mile limit ........................................ 510-11, 515-16, 517-20
Truman Fisheries Proclamation .......................... 437
Treaty Between the United States and the Klamath and Moaodoc Tribes and Yahooskin Band of Snake Indians .. 594-95, 600-03, 605-06
IRRIGATION
See also Water Resources
Water Project Rights ..................................... 846-59

J
JUDICIAL REVIEW
See also Pesticides
Coastal Zone Management Act
    Consistency review .................................. 687-713
    Judicial deference to agency rulemaking .......... 689, 696-700
    Lease sales ........................................... 687-711
    Legislative history ................................... 700-09
Fair Market Value Exceptions ............................ 674-75
Statutory Constructions of Administrative Agencies .......... 655-59

L
LAND USE
See Landslides, Wildlife

LANDSLIDES
Assessment Districts .................................. 992-98
Grading Ordinances and Site Inspections ................. 962-66
Insurance .............................................. 983-92
Land Use Planning ...................................... 956-62
Policy Strategies ...................................... 949-56, 998-1005
Tort Liability .......................................... 966-83
LEGAL THEORY
Critical Legal Studies .................................. 236-37, 256-58, 282-83, 287-88, 298
Natural Law ............................................. 256, 287-88, 291, 294-98

M
MARINE RESOURCES
See also Resource Management
United States Competition with Japan for ................. 430-34, 445-47, 470, 504, 505-07
United States Competition with Philippines for .......... 435

PESTICIDES
Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA)
Binding arbitration under ........ 610, 613-14
Constitutionality of binding arbitration provision .......... 614-23
Data sharing and compensation procedures ............... 609-15
1972 amendments ................ 611-12
1978 amendments ................ 612-13
Registration of products .......... 609-10
Trade secrets .................. 612

RADIATION
See also Administrative Agencies
Exposure
Age-based standards for ........ 911-15, 926-27
Division of regulatory responsibility among agencies .... 894-904
Proposed revisions to NRC radiation standards for .......... 922-30, 937-38
Quantifying risks of ............ 880, 904-05, 925, 928-29, 937-38
Regulation by NRC of ............ 879-80, 894-900, 904-38
Reporting requirements for .......... 915-16
Reproductive risks of ............ 887-91, 916-22, 928-30, 932-38
Scientific background .......... 881-82, 883-92
Standards for Protection Against ........ 879-80, 893-94, 901, 904-26
Threshold dose hypotheses ........ 879, 892, 904-05, 906-09, 913-14, 923, 937-38
Workplace ................... 879-938
International Commission on Radiation Protection .......... 917-22
Ionizing Radiation .............. 884-87, 891-92
National Council on Radiation Protection and Measurements .... 917-22, 929
Regulatory History .............. 892-97

REMEDIRES
Inverse Condemnation ............ 632-41

RESOURCE MANAGEMENT
See also Economics, Fish & Wildlife, International Agencies,

Marine Resources, Rivers, United Nations, Water Resources
Advisory Commission on Marine and Coastal Resources ........ 496-99, 526
Eastern Pacific Ocean Council ........ 524
FERC Consultation Duty .......... 32-36
Governor's Advisory Commission on Ocean Resources .......... 494-98
Marine Fisheries Research .................. 388, 390-94, 396, 473
Advisory councils ................. 473-80
California sardine project ........ 417-27
Farrington project ................. 406-17, 467-68
Marine research committee .......... 418-27, 469, 486-92
1948 Fisheries policy statement ........ 457-64
United States Fish and Wildlife Service ........ 418-19, 474-75, 480-81

RIVERS
Comprehensive Planning .......... 20-28

STATE-FEDERAL RELATIONS
Federal Preemption of State Hazardous Waste Funds .......... 535-46
Federal Water Legislation's Effect on State Law .......... 824-26

TAXATION
See also State-Federal Relations
Tariffs on Tuna Imports ............ 501-02, 504, 506-10

TORTS
See Bankruptcy Law, Hazardous Waste, Landslides, Radiation

TOXIC SUBSTANCES
See Bankruptcy Law, Hazardous Waste, Pesticides, Radiation

UNITED NATIONS
See also International Law
Law of the Sea .................. 513-15
Marine Fisheries Management .......... 446-47, 450
W

WASTE SITES
See Bankruptcy Law, Hazardous Waste

WATER POLLUTION
See also Hazardous Waste
Clean Water Act
    Army corps of engineers
        jurisdiction over wetlands .... 579-91
    Dredged or fill material ........ 579-91
    Toxic pollutant standards ... .643-55, 659
    Wetlands ...................... 579-91

WATER RESOURCES
See also Administrative Law, Hazardous Waste, Rivers, Water Pollution, Water Rights, Wildlife
Reclamation Act
    Allocation to irrigation .......... 788-89
    Allocation to municipal and industrial uses ........... 789-89
    Conveyance of project rights under .................. 773-878

WATER RIGHTS
See also Administrative Procedure, Water Resources
Distribution by Bureau of
    Reclamation of .................. 785-820
    Emergency Legislation ............ 860-67
    Irrigation Districts .............. 834-46
    Municipal Contracts for .......... 870-73
    Utilities ........................ 868-70
    Voluntary Conveyance of ......... 773-878

WILDLIFE
See also Fish & Wildlife
Environmental Impact of Road on Bighorn Sheep .......... 58-60
Water Allocation for Preservation of .................... 798-802

WORKPLACE HAZARDS
See Radiation
